

Dear Patient,

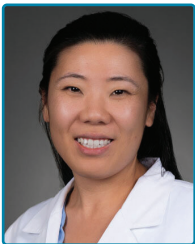

I am writing to inform you that **November 29** will be my last day caring for patients at Kelsey-Seybold Clinic. It has been an honor and privilege to be your Hematologist/Oncologist, and I have enjoyed the relationship we have built.

Continuing your medical care is important. I encourage you to select a new physician without delay. Once you select and schedule an appointment with your new Kelsey-Seybold physician, they will have access to your medical history — including prescription medications, labs and test results, and your health history information — to ensure a seamless care transition.

I have included a list of Hematology/Oncology specialists who are welcoming new patients. You can view any of their online profiles at kelsey-seybold.com/bios, where you can search for additional physicians by name, clinic locations, medical specialty, and languages spoken.

For questions and personalized assistance regarding your future care, including prescription refills before your next appointment, call the **Hematology/Oncology Department** at **713-442-1080** on weekdays between 8 a.m. and 5 p.m. Our clinical team will transition your care to another provider as needed for future appointments.

Best wishes for your continued health.

Sincerely,

Yuanyue "CeCe" Sun, MD
