## **FREQUENTLY ASKED QUESTIONS (FAQ)**

### **Do I have to pay for a regular cleaning or routine exam?**

No. When you use in-network providers, your routine cleanings and exams are covered at 100% under your base coverage, even if you do not purchase the OSB option. Preventive cleanings are covered once every 6 months. Periodic oral exams are covered once every 6 months, and comprehensive oral exams are covered annually for new or established patients.

A variety of x-rays are covered once per year.

### **Do I have a separate ID card for my dental plan?**

No. Your KelseyCare Advantage card works for both your medical and dental coverage.

### **What if my dentist wants me to get fluoride?**

Topical fluoride is not a covered benefit under the base or OSB coverage. If you want fluoride applied you will have to pay for the cost of the service.

### **My dentist says my fillings are old and I need crowns. Is that covered?**

Your base coverage does not cover crowns but if you purchase the OSB option your plan covers one crown per tooth every 60 months.

### **Do we cover all extractions or a certain number?**

Your base plan covers some extractions up to the annual maximum allowance. Additional extractions are covered under the OSB benefit.

### **Are dentures and bridges covered?**

Your base plan does not cover dentures or bridges. If you purchase the OSB benefit, your plan covers dentures and bridges every 60 months.

# IMPORTANT TERMS

**Annual out-of-pocket maximum** – The most money you have to pay for covered expenses in a plan year

**Deductible** – The amount you could owe during a coverage period (usually one year) for health care services your health insurance or plan covers before your health insurance or plan begins to pay

**Limited Oral Exam vs Comprehensive Oral Exam** -- A limited oral exam is a quick exam that focuses on specific dental issues. A comprehensive oral exam is a thorough assessment of your overall oral health. Dentists perform comprehensive exams on new patients to establish a baseline for their oral health.

**Predetermination** – A review by your plan to determine if coverage for a specific service is available. A predetermination is not the same as notification or preauthorization. A predetermination is not a promise to pay.

**Restorative dental work** – focused solutions for specific issues, which include the following:

Fillings: Used to fix small cavities, fillings act like patches for minor cracks.

Crowns (or Caps): These serve as protective helmets for teeth, especially in cases of more significant problems like a broken tooth.

Bridges: Acting as connectors in your mouth, bridges seamlessly fill the gap left by a missing tooth.

Implants: Operating like a planted tooth root, implants are the preferred solution for a completely missing tooth.

Inlays: Specially crafted to fit into small holes or damaged areas of a tooth, inlays are used when a regular filling falls short, and a full crown isn't necessary—targeting and fixing specific areas.

Onlays: Designed for more extensive damage, onlays cover larger parts of a tooth, fitting into grooves and wrapping over edges. Dentists use onlays when the damage is significant but not extensive enough for a full crown—addressing larger portions of the tooth without complete coverage.

The optional supplemental benefits described in this section are subject to the same appeals process as any other benefits.

### Adding Optional Supplemental Benefits to your plan

*There is no waiting period to access services.*

### Enrolling in Optional Supplemental Benefits

To enroll in the Optional Supplemental Benefit Plan, call KelseyCare Advantage Member Services at 713-442-2273 (TTY: 711) to request an application. Enrollment into the Optional Supplemental Benefit Plan may be requested at the time of enrollment into your KelseyCare Advantage plan or any time after membership in the current benefit year. You can enroll in Optional Supplemental Benefits by providing a completed supplemental benefits enrollment application during one of the following times: Between October 15 and December 7 of each year, for coverage to become effective January 1 of the following year, or anytime during the current benefit year for coverage to begin the first day of the following month.

Optional Supplemental Benefit Plan disenrollment requests received by the last day of the month will be effective the first day of the following month. Members will be responsible for the Optional Supplemental Benefit Plan premium payment for the following month if the disenrollment request is received after the last day of the current month. Disenrollment from our Optional Supplemental Benefit Plan will not result in disenrollment from your health plan.

Your first month’s premium for the Optional Supplemental Benefit Plan will be billed to you. If you wish to change the way you pay your premium you will need to contact KelseyCare Advantage Member Services at 713-442-2273 after you become a member.

Non-payment of premiums for our Optional Supplemental Benefit Plan will not result in disenrollment from your health plan. However, you will lose your Optional Supplemental Benefit Plan and return to the basic benefit plan.

If you disenroll from your KelseyCare Advantage Plan, you will be automatically disenrolled from your Optional Supplemental Benefit Plan.

If you have a covered procedure in progress at the time of your termination of your Optional Supplemental Benefit Plan, your provider will complete the procedure. If OSB coverage is stopped or cancelled due to non-payment, you will be responsible for services rendered after termination date unless other coverage is in place. If we cancel your network provider office's contract, or if your network provider office cancels their contract with us, it will be our responsibility to see that you receive your benefits at another network provider's office.

## Reenrollment in Optional Supplemental Benefits

If you have ceased premium payment or have requested to terminate your Optional Supplemental Benefits, you will not be able to return to the Optional Supplemental Benefit plan until the next calendar year.

## Refund of Premium

Members enrolled in our Optional Supplemental Benefit Plan have a monthly plan premium and are entitled to a refund for any overpayments of plan premiums made during the course of the year or at the time of disenrollment. Overpayments of Optional Supplemental Benefits Plan premiums will be refunded upon request or disenrollment. We will refund any overpayments within 30 business days of notification. We may apply your overpayment of Optional Supplemental benefit plan premiums to your monthly health plan premiums, if any.

See the section below "Exclusions" for dental exclusions and limitations. Services received from non-participating dentists are not covered under this plan.

KS Plan Administrators, LLC has partnered with the Dental Administrator (Dental Benefit Providers/UHC Dental) to provide optional supplemental dental services through participating dental providers.

## Dental Benefit Providers/UHC Dental

The Dental Benefit Providers Optional Supplemental Benefit package covers beyond that which is required by Medicare. This plan has a monthly plan premium of \$22.50. This is in addition to any plan premium you may have for your Medicare Part B or Medicare Advantage plan. These Optional Supplemental Benefits include the major dental services listed in the grid below. The

Optional Supplemental Benefits cannot be combined with any other dental benefits that may be offered on your plan or any other plan offered through an employer or union.

If you have additional questions, please call Dental Benefit Providers/UHC Dental Customer Service at 1-844-298-8569.

## **How to Choose a Network Dentist**

There are several ways to find a network dentist. You may visit [yourdentalplan.com/dentistsearch23](http://yourdentalplan.com/dentistsearch23) and search by location or provider name. You may also call Dental Benefit Providers/UHC Dental Customer Service at 1-844-298-8569 if you need a Provider Directory sent to you or need help locating a participating dentist. The network dentist will provide most services either directly or through a licensed dental hygienist. Services provided by a network specialized dentist do not require a referral from your standard network dentist, but we encourage you to consult him/her first. You must use a network dentist for services to be covered.

After you have chosen a network dentist, just call and make your appointment. Tell the dental office which health plan you belong to and give your KelseyCare Advantage member ID card at the appointment.

Purchasing this Optional Supplemental Benefit Plan does not guarantee that you will get any given dental services from any particular dentist. If you are using a network dentist, always confirm the dentist's participation in the network prior to receiving care. If we cancel a network dentist's contract, or if a network dentist cancels his/ her contract with us, you have the freedom to choose another network dentist for your care.

Only the dental services listed under the Dental Benefits Provider/UHC Dental Coverage Table below will be covered under the Optional Supplemental Benefit plan. You must pay all fees for non-covered services to the dentist at the time of services. It is your responsibility to understand your dental coverage and use your dental benefits appropriately.

Network dentists may ask you to sign an informed consent document detailing the risks, dental benefits, costs and alternatives to all recommended treatments. In the performance of recommended dental treatments, outcomes may not always be accurately predicted. Sometimes, a specific network dentist must make a judgment about continuing care that is in your best interest. Following the procedure, it is the obligation of the network dentist to explain in detail why these changes in treatment were required and to explain the differences in costs to you, if any.

## **Making an Appointment**

Once you have selected a network dentist, you can make an appointment by directly calling that dental office. If you have any questions regarding office locations, office hours, or emergency hours, please call your selected Dental Office or call Dental Benefits Provider/UHC Dental Customer Service. For information on other network dental providers in your area, please contact Dental Benefits Provider/UHC Dental Customer Service or visit the website listed above.
