OUR NETWORK

KelseyCare Advantage partners with the premier Houston area-based Kelsey-Seybold Clinic network. As a member of KelseyCare Advantage, you will get all or most of your care from Kelsey-Seybold Clinic providers (except for out-of-area dialysis and emergencies).

Referrals and Authorizations

As a member of KelseyCare Advantage, in most instances you can see any Kelsey-Seybold Clinic provider without a referral or prior authorization. If you have been receiving care from a Kelsey-Seybold Clinic provider, you are not required to continue going to that provider, even if that provider is your Primary Care provider. You may simply schedule an appointment with any Kelsey-Seybold Clinic provider of your choice.

Affiliate Network Contract Providers

When Kelsey-Seybold Clinic does not have the specialist you need at any of their locations, you can be referred to a specialist who has been selected by Kelsey-Seybold providers. Your Kelsey-Seybold provider will submit a request to KelseyCare Advantage for a referral to a non-Kelsey-Seybold provider. Both you and the specialist to whom you are referred will receive written confirmation if the service is approved. All services provided by Affiliate Contract Providers require a referral or prior authorization from KelseyCare Advantage.

Partnering with Community Providers

As a member of KelseyCare Advantage, you have the option of seeing a KelseyCommunity Provider for primary care services. These are local providers who have contracted with KelseyCare Advantage to provide you with more access to care throughout the community. Your benefits with these providers remain the same, and you still have full access to the network of Kelsey-Seybold specialists. Choosing to see a KelseyCommunity Provider does not restrict you from receiving primary care services at a Kelsey-Seybold clinic at any time. They are an added convenience for your benefit.
