

As a new member of KelseyCare Advantage, we're here to help you get started well. Over the next several months, you'll receive emails like this one with helpful tips and important information to ensure you make the most of your benefits.

Your PCP & MKO: Essentials Tools For Care

Choosing the right Primary Care Provider (PCP) and using our MyKelseyOnline (MKO) portal are essential steps in managing your health with confidence and convenience.

Choosing Your Primary Care Provider (PCP)

Your PCP is your main point of contact for routine care, preventive screenings, vaccinations, and management of chronic conditions like diabetes, asthma, or heart disease. We offer a culturally diverse team that speaks over 36 languages across 40+ locations, so you're sure to find care that feels like home. And if your designated PCP isn't available, you can see any Kelsey-Seybold provider, including Advanced Practice Clinicians (APCs)—Nurse Practitioners and Physician Assistants— for your primary care needs.

Scheduling and Staying Connected with MyKelseyOnline (MKO)

With MyKelseyOnline (MKO), your entire care team, health records, and health plans are all connected for a more streamlined experience. This means that information and scheduling are just a few clicks away. MKO allows you to schedule appointments, access your health records, and stay connected with your care team between visits. Simply log in to MKO online or through the MyKelsey app to get started.

New Member Hub

Did you know we have a special section on our website just for new members? It's called the New Member Hub, and it's designed to provide resources that are tailored to help you get started and make the most of your plan.

If you haven't received your welcome call yet, don't worry. All the important information shared during that call, including your Welcome Kit information, ID Card, details for scheduling your \$0 Wellness Visit, and how we coordinate your care, is also available in the New Member Hub for your convenience.
